

KYNETX HD FG26

FOOD GRADE GREASE

CUSTOMER: INTERNATIONAL BEVERAGE COMPANY BASED IN PHILIPPINES

PRODUCT

Kynetx HD FG26 is an NLGI No. 2 high performance lubricating grease used where incidental contact with food is a possibility. It also excels in applications where resistance to water washout and broad operating temperatures are absolutely necessary. The formulation of this product provides unsurpassed resistance to extreme pressures and corrosion, including salt spray. Kynetx HD FG26 also has exceptional mechanical stability even in the presence of water. It contains no heavy metals or other environmentally undesirable additives.

BENEFITS

- H1 approved for incidental food contact
- Superior extreme pressure and anti-wear properties
- Very good water washout resistance
- Good rust protection
- Excellent adhesion to metal surfaces

NSF H1 Registered (151999)
